

NORTH CHELMSFORD WATER DISTRICT

Summer Water Management Program

Effective May 1-September 30

Please be advised that the North Chelmsford Water District is required by the Massachusetts Department of Environmental Protection to notify customers of restrictions on outdoor water use in order to conserve water, especially during drought conditions. Signs are posted throughout the District to advise customers which level is in effect.

The level in effect depends on the severity of ongoing drought conditions.

Thank you for doing your part to conserve our most precious resource!

Level 1 (Green)	
6 AM to 9 AM or 6 PM to 9 PM ONLY	
Odd Numbered Addresses on Odd Numbered Calendar Days:	Automatic/non-automatic sprinkler systems
Even Numbered Addresses on Even Numbered Calendar Days:	Automatic/non-automatic sprinkler systems
Other Permitted Watering:	Handheld hoses and watering cans for small flower and vegetable gardens permitted from 6 AM to 9 PM on your assigned days

Level 2 (Yellow)	
6 PM to 9 PM ONLY	
Odd Numbered Addresses on Odd Numbered Calendar Days:	Automatic/non-automatic sprinkler systems
Even Numbered Addresses on Even Numbered Calendar Days:	Automatic/non-automatic sprinkler systems
Other Permitted Watering:	Handheld hoses and watering cans for small flower and vegetable gardens permitted from 6 AM to 9 PM on your assigned days

Level 3 (Red)	
No outside water use until further notice	
Odd Numbered Addresses on Odd Numbered Calendar Days:	No outside water use until further notice
Even Numbered Addresses on Even Numbered Calendar Days:	No outside water use until further notice
Other Permitted Watering:	None permitted

Please note:

1. All automatic sprinkler systems are required to have rain sensors, backflow prevention devices, plumbing permits, and be set in compliance with our program hours (outlined above).
2. The District reserves the right to adjust the level in effect depending upon system needs, including maintaining storage tank volume.
